

They say water is the most essential element for our body.

In fact 60% of body is made up of this stuff.

So while we can live weeks without food, we won't last a week without water.

And for years Delta has turned the most essential thing into the most amazing thing.

And with the In2ition and Voice IQ, they've done it again.

Whether it's the dual shower head in2ition or the unbelievably smart VoiceIQ, Delta has continuously transformed the faucet most amazing thing in your home.

And with these films, we have the exciting opportunity to get everyone to SEE WHAT DELTA CAN DO.
